

THE INTERNATIONAL CAT ASSOCIATION

The World's Largest Genetic Registry of Cats

TICA, for Fabulous Felines, Fun and Friendships

TICA recognizes over 50 breeds of cats for championship competition, awarding both Regional and International awards to the top scoring cats, kittens and alters. Non-pedigreed cats and kittens compete in Household Pet competition for the same awards and recognition.

TICA is proud of its unique judging format, its well-trained and professional judging staff and its friendly show atmosphere.

TICA encourages family participation, too, through a fun and educational Junior Achiever program.

Wherever You Are, You're in TICA's World

The International Cat Association (TICA) was organized in the summer of 1979. Today, TICA's unique, genetically-based registry has attracted world-wide participation. With established, scientifically-based principles, TICA has become the largest genetic registry in the world. TICA has grown to a truly international organization, with clubs and

members all over the world. In addition to the United States, it is likely that you will find TICA cat shows in Argentina, Austria, Belgium, Brazil, Canada, Columbia, Costa Rica, Denmark, Finland, France, Germany, Hungary, Japan, The Netherlands, Mexico, Russia, Spain, Sweden, Switzerland, the United Kingdom, and an ever-growing number of countries around the globe.

Join TICA Today!

The strength of TICA is in its members. Breeders, exhibitors and cat lovers are all invited to join TICA and participate in the most progressive cat registry in the world. Our members are entitled to vote on all issues that shape the policy of the Association.

Members are also entitled to belong to breed sections of their choice and be elected to TICA Breed Committees. Breed Committees are responsible for continued guidance, development, and/or modifications in the breed standards for the championship breeds and for those breeds, recognized by TICA, in development.

THE INTERNATIONAL CAT ASSOCIATION

TICA BELIEVES IN ITS MISSION

- To encourage its members to work together to promote the preservation of pedigreed cats and the health and welfare of all domestic cats.
 - To have the most accurate and comprehensive certified pedigree registry in the world.
 - To sanction cat shows that promote both pedigreed and non-pedigreed cats and are both enjoyable and educational.
- To encourage its members to take active roles in their communities to foster responsible spay/neuter awareness and humane education.
- To encourage its members to become involved in citizen advisory groups to ensure responsible legislation regarding the health and welfare of cats.
 - To unite cat fanciers around the world.
- To provide information concerning not only the breeding, exhibition, and improvement of breeds, but also the care and welfare of all cats.
- To promote research on felinehealth issues through The International Feline Foundation, which funds and promotes scientific research and educational activities intended to ensure healthy lives for our feline companions.
